

International Tax Services

For Individuals and Families

Maximizing your tax savings and ensuring compliance are challenging when you and your family have financial interests outside the domestic borders of the U.S. You need tax professionals with extensive knowledge of the latest regulations in order to avoid penalties and optimize your tax strategy.

For International Businesses

When conducting business in foreign countries, having the right tax strategies in place can help you maintain your competitive advantage. Our international tax experts will help you stay one step ahead of constantly changing regulations and position you to seize opportunities in the international market.

Through our alliance with LEA Global, we have access to the best and brightest teams of international business advisors – a peer-to-peer connection that helps us provide the right business solutions for our clients with operations outside the United States.
